LESEDI
PREPAID

COMPANY PROFILE

Stay Connected.

Everyday services.
More ways to pay.

A Botswana prepaid vending and digital services business connecting people, merchants and communities to essential services.

PREPAID SERVICES | MERCHANT PAYMENTS | DIGITAL ACCESS

EVERYDAY PAYMENTS AND DIGITAL SERVICES

One partner for services that keep life moving.

Lesedi Prepaid combines prepaid vending experience with a working platform. Through our technology partner Finclude, our offering extends from everyday purchases to merchant payments and digital service distribution.

01 PREPAID AND UTILITIES

- Airtime and electricity vending
- Water and other bill payments
- Television subscriptions
- Digital vouchers and utility tokens

02 MERCHANT PAYMENTS

- Mobile money acceptance
- Electronic and closed-loop wallets
- Payment services at the till
- Integration with supported providers

03 DISTRIBUTION AND COLLECTIONS

- Value-added service distribution
- Merchant product aggregation
- Bill and premium collections
- Transaction management and reconciliation

04 COMMUNITY AND ENROLMENT

- White-label community platforms
- Customer registration and KYC workflows
- Customer feedback and surveys
- Digital advertising opportunities

OUR PURPOSE

Make essential services easier to access and use.

WHO WE SERVE

Individuals and households • Retailers and independent vendors

Businesses and institutions • Service providers and member communities

OUR TECHNOLOGY PARTNER

Finclude

Local service. Broader digital capability.

Our partnership gives Lesedi Prepaid access to Finclude’s prepaid, payment and customer-engagement solutions. We bring these capabilities into customer and merchant solutions with the appropriate product connections and implementation scope.

HOW WE CONNECT YOUR BUSINESS

01 STANDALONE TERMINALS

Findesk mobile terminals for vending and payment services.

02 POINT OF SALE INTEGRATION

Connect supported services to existing retail checkout systems.

03 ONLINE AND APP ACCESS

Browser and application channels for digital service delivery.

04 API CONNECTIVITY

Connect prepaid products and supported payment methods.

05 BRANDED COMMUNITY SERVICES

White-label solutions for customers, students or members.

06 TRANSACTION OVERSIGHT

Manage distribution and reconcile the service value chain.

CONFIGURED FOR YOUR REQUIREMENTS

Products, payment methods and channels are subject to provider availability, integration, commercial agreements and applicable approvals.
